**Western Wear,** beautiful boots, blingy belts, and gorgeous jewelry can be seen everywhere from the runway to the arena.

*Western Shooting Horse* took advantage of beautiful Arizona weather during the CMSA Desert Classic in Globe to shoot these trendy images.

Here we showcase some of the coming seasons' hottest new fashions. While some of the standard pieces can be found in your local western store year-round, the newest styles will be available between May and November. Many thanks to the wonderful shooters who agreed to model for this fashion spread. They look great, and so do the clothes!
